* in N Mode

N Sound

N Active Sound +

Provides dynamic driving sounds and various sound effects, and is available in three sounds(Ignition, Evolution and Lightspeed).

N Performance

IONIQ 6 N (Performance Blue Pearl)

High performance dual-motor

Front and rear electric motors deliver up to 609PS of high performance power.(650PS in Boost Mode).

Rear-wheel N Corner Carving Differential (e-LSD)

Delivers smooth and predictable cornering for easier and enjoyable driving, while maintaining excellent traction and handling balance even at the limit.

Electronically Controlled Suspension (ECS) & Steering (MDPS)

Enhanced body control is achieved with stroke-sensing type ECS system, while electronic power steering ensures fast, safe steering performance and improved road feedback.

Front/rear large disc brakes & N Brake Regen

Large 4-piston front brake calipers, and evolved regenerative braking completes the optimal braking performance.

* With Wide sunroof option selected, wearing a helmet may be difficult.

N Exclusive Functions

Upgraded N Exclusive Functions maximizes track performance, and enables enhanced lap times through battery management technology.

01

N Battery(Drag/Sprint/Endurance)

Optimizes battery temperature for intended driving purpose and with enhanced cooling and power management enables extended track sessions. Provides Drag mode for drag racing, Sprint mode for faster lap times, and Endurance mode for extended track driving.

02

N Launch Control

Assists to easily utilize the maximum acceleration performance when starting from stationary. Provides optimal amount of motor torque and wheel slip control depending on road grip level (Low/Medium/High), and can be activated together with N e-Shift.

03

N Grin Boost

Maximizes acceleration performance by making the battery and motor more responsive and able to operate at maximum output over a designated period of time. Automatic ON/OFF capability has been added in N Battery Sprint mode, and can be activated together with N e-Shift.

More on
N Exclusive
Functions

* Detailed information about N Exclusive Functions is available on Digital Catalogue.

IONIQ 6 N (Performance Blue Pearl)

N Exclusive Functions

04

N e-Shift

Activating N e-Shift delivers distinctive gear-shift feel and driving sensation of combustion vehicle.

05

N Pedal

Easing off acceleration pedal while cornering (ON → OFF), regenerative braking together with e-LSD deliver agile and linear cornering response.

06

N Torque Distribution

Front and rear power distribution can be customized by the driver. Available in all modes, Eco, Normal Sport, and N Mode, and can be activated together with N e-Shift. (requires ESC Sport or ESC OFF)

07

N Drift Optimizer

Distributes power to the rear wheels and provides vehicle stability control for drifting. Initiation/Angle/Wheel Spin amount adjustment settings has been added, and can be activated together with N e-Shift.

* Detailed information about N Exclusive Functions is available on Digital Catalogue.

IONIQ 6 N (Performance Blue Pearl)

Driving Technology

Enjoy N's features effortlessly through the dedicated widget-based interface.

More on
Driving Technology

N-exclusive infotainment mode

Infotainment setting exclusive to high performance N. It provides information on N Mode and N Exclusive Functions, including EV exclusive track features and custom mode displays for easy and intuitive use.

N Track Manager

Provides lap timer that measures sector times on the track, real-time delta times, ghost car guidance, and cornering speeds. Users can also create their own tracks and share track maps.(uses USB memory)

N Race Cam

Using the lap timer in N Track Manager, videos including the track map, current position, accelerator/brake inputs, and lap time data can be recorded. The video can be viewed via SD card on laptops without additional tools.

TPMS Custom Mode

Tire pressure can be adjusted to suit the driving conditions, enabling accurate low-pressure warning.

Head-Up Display (with N graphic design)

Exclusive Sport Mode display with N Exclusive contents, provides driver with information for daily and track driving.

* The screen layout/design of the infotainment system may change with the updates.

IONIQ 6 N (Performance Blue Pearl)

**400/800V Next generation
multi ultra-fast charging system**

18min

(Charging from 10% to 80%, with 350kW level charger)

PnC(Plug and Charge)

By automatically verifying the vehicle and payment when connecting the charging cable, enables EV charging to be simple and completed faster. It is streamlined and easy to use high-tech system.

* PnC(Plug and Charge) is available with E-pit charging infrastructure, and requires the app to be installed.

Electric

Equipped with next-gen battery, delivering further efficient driving range.

More on
Electric

EV route planner

Optimizes the route for electric vehicles by including charging points when charging will be needed, minimizing battery usage while driving.

Outdoor/Indoor V2L

V2L function available on the exterior of the vehicle and under the 2nd-row seats extend battery life for various electronic devices.

* To use indoor V2L for the first time, the cover must be unlocked using the smart key. It can be used while the car is running or in utility mode and also while the outdoor V2L function is being used.

Function

Provides a new driving experience, featuring smart technology and convenience.

More on
Function

Digital key 2

The vehicle can be locked or unlocked or started up on via iPhone, Apple Watch, or Android smartphone (e.g., Samsung phone), and access permission can be shared up to 15 devices.

Walk-away lock

Moving away a set distance from the vehicle when in possession of the smart key automatically locks the doors.

BOSE premium sound (8 speakers and external amp)

Enjoy rich audio experience delivered by the 8 speakers paired with BOSE premium sound system.

100W Type-C USB ports (1 in 1st-row, 2 in 2nd-row)

Fast charging ports capable up to 100W of power provides convenience to passengers on board.

* Please refer to Hyundai Motor's website for a list of eligible models.

* Maximum of 50W output is available when both ports in 2nd-row is used simultaneously.
* 1st-row includes one additional Type-C USB port with multimedia capability.

Hyundai SmartSense

Hyundai SmartSense keeps the driver and passengers safe and protected.

More on
Hyundai SmartSense

IONIQ 6 N (Performance Blue Pearl)

Forward Collision-avoidance Assist (vehicles/two-wheeled vehicles/pedestrians/Cyclist/junction turning/front oncoming/junction crossing/change oncoming/change side/evasive steering assist)

Assists in automatic braking when risk of collision increases with vehicles, two-wheeled vehicles, pedestrians and cyclists in front. Also assists in automatic braking when risk of collision increases with vehicles driving on other side of the road, approaching from either side, and front oncoming vehicles while making a left turn at an intersection. Automatically assists in evasive steering when collision with oncoming vehicle or side vehicle is detected. Additionally assists in evasive steering when risk of collision with vehicle on the edge of lane ahead or pedestrian is detected.

Blind-spot Collision Warning (driving), Blind-spot Collision-avoidance Assist (forward exit)

A warning is issued if risk of collision with a vehicle approaching from rear-side is detected while changing lanes. Additionally, assists in automatic braking when risk of collision increases with a vehicle approaching from rear-side while forward-exiting from a parallel-parked position.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Highway Driving Assist 2

Assists in maintaining set distance from the vehicle in front, set speed, and keeping the vehicle centered in lane when driving on highway/motorway. When driving above a certain speed, by activating the turn signals while holding the steering wheel, the vehicle will automatically change lanes.

Navigation-based Smart Cruise Control (safety speed zone/curve control/access road)

Assists in driving at a safe speed matching the conditions of the highway/motorway, and automatically slows down the vehicle when in speed safety zone, curved sections, and before entering entrance and exit roads. Automatically returns to set speed after passing the area.

Lane Following Assist 2

Detects the lane with front camera to assist the driver keeping the vehicle centered while driving. If lane is not detected, the vehicle in front is detected to provide assist while other conditions are met. The system has been enhanced with wider operating area (high curvature and etc.) and steering angle control

Rear Cross-Traffic Collision-avoidance Assist

During a slow reverse exit, provides warning if a risk of collision from vehicle approaching from either side is detected, and automatically assists in braking if the risk increases after the warning.

- * Services are available only for customers who have purchased a vehicle and subscribed to BlueLink membership.
- * Free of charge for 5 years for customers who have subscribed to BlueLink membership for the first time with an additional 5-year Light Service (SOS Emergency Assistance, Airbag Deployment Alert, Traffic Information, EV Battery Monitoring etc.).
- * EV Battery Monitoring: A service for Blue Link subscribers that notifies customers when an abnormality is detected in the battery.
- * Some services may be restricted depending on the means of service delivery, such as mobile apps or devices.

Dimensions

* Unit: mm

Model	Fuel type	Rated voltage of storage battery (V) / Capacity (Ah)	Max.Power (kW/PS)	Curb weight (kg)	Tire (inch)	Fuel efficiency reported to the government (km/kWh)			Maximum driving distance on a single charge (km)		
						City	Highway	Combined	City	Highway	Combined
IONIQ 6 N	Electricity	697/120.6	Baseline: 448/609	2,175	20	4.4	4.0	4.2	404	366	387
			When using N Grin Boost: 478/650								

※ The maximum power is based on the combined output of the front and rear wheels

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -Leather (seats, wrapped parts) is partially mixed with synthetic leather and/or other materials (e.g., fabric). -Vehicle colors presented here may differ from actual appearance. -Driving range may vary depending on the driver's habits, road conditions, outdoor temperature, and air conditioning settings. -A drop in outdoor air temperature (in winter months) may result in a shorter range due to a decrease in battery performance. -This EV is heavier than the internal combustion engine model due to its high-capacity battery. Depending on the specifications for Korean automated parking garages, it may not be possible to park the EV. -Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

The images presented here are intended to inform customers and display the best models and options.

The specifications described above vary by option, package, powertrain, and exterior color. For detailed specifications, please refer to the price list for the relevant month.

Classification	IONIQ 6 N
Overall Length (mm)	4,935
Overall Width (mm)	1,940
Overall Height (mm)	1,495

Wheel Tread, Front (mm)	1,665
Wheel Tread, Rear (mm)	1,676
Battery Type	Lithium-ion
Battery capacity (kWh)	84.0
Max.Power (kW)	Baseline: 448 / When using N Grin Boost: 478
Max.Torque (Nm)	Baseline: 740 / When using N Grin Boost: 770

How to purchase an electric car

① Sign a car sales contract

- Car contract

② Apply for subsidy

- Fill out electric car subsidy application for the local government of jurisdiction
- Submit application
- Receive results

③ Car allocation, car release

- Check is made on eligibility for and amount of electric car subsidy (from local government of jurisdiction) by 10 days before car allocation
- Car will be released if there are no outstanding issues

④ Apply for payment of subsidy

- Application process for payment (wire transfer) of subsidy to the local government of jurisdiction must be completed within 10 days of the car's release
- Once subsidy is confirmed to have been wire-transferred to Hyundai Motor, subsidy amount is subtracted from price that needs to be paid by customer

IONIQ 6 N Warranty information

- Warranty period for separately-insured electric car parts:

10 years, 160,000km

※ High voltage battery: 10 years, 200,000km

- **Related parts:** Drive motor, Reducer, High voltage battery, Inverter, ICCU (LDC+OBC), Electric vehicle system control device (VCU)

For when thinking of buying, and maintaining my car!

Hyundai Motors' various services are prepared to assist from start to finish!

Convenient test drive service

Step 1: Make a test drive reservation (website, phone, and car coordinator)

Step 2: Fill out a consent form at the relevant driving center

Step 3: Go on a test drive

Step 4: Receive a purchase consultation (e.g. estimate, and purchase conditions)

Test drive reservation
(website)

New vehicle purchase benefits

Members of Bluemembers purchasing a new Hyundai Motor vehicle (including commercial vehicles) are eligible to earn Bluemembers points based on the purchase type/vehicle type/purchase frequency

① Individual members : Earn 50k to 750k points, depending on the vehicle type/purchase frequency

② Corporate members : Earn 30k to 70k points, depending on the vehicle type

※ For details, please refer to the Hyundai Motor website.

Points reward guide

Smart car maintenance

1. Car Life services

- Services that can be applied for via myHyundai app: Cleaning, Driver assist service, Delivery, EV Safety Care, Lucky Pass H, and charging discounts for EVs

Download
myHyundai

All Care Service Map

2. Warranties and services

- Warranty system in which customers can choose scope and/or duration, Bodycare, and Warranty Plus

※ Bodycare Service is complimentary to individuals and private business owners who purchase an IONIQ 6 N.

3. Preventative and inspection services

- To help keep your car in top shape: Blue Basic Inspection, Before Service on Wheels

4. Emergencies and maintenance services

- For an emergency or when receiving your car: SOS emergency response, on-site charging, and Home-to-Home

- For more assurance when using your car: excessive repair fee prevention program, and car support services

Tip Anyone who has a driver's license and is at least 21 years old can apply for a test drive.

The driver is required to carry a presentable license in person to apply for the test drive.

Use the Hyundai EV card when purchasing a new vehicle to earn additional Bluemembers points.

(Refer to the Hyundai Card website for details)

Bluemembers partner companies offer diverse mobility and lifestyle/charging benefits. Don't miss out!

※ Holders of (previously issued) Bluemembers partner credit cards will continue to receive both

M points and Bluemembers points.

2026 EV EVerycare

Supporting you every step of the way,
so you can purchase your EV without worry.

When purchasing

Benefit 1. 200,000 charging credits

Vehicle-purchasing customers are gifted 200,000 charging credits that can be used at EV charging stations.

※ Eligibility: Customers taking delivery of the 2026 IONIQ 6 N

※ Must apply within two months of the car's release month

※ Accepted at: any SK Electlink or SK Electlink-partnered charging station nationwide

Benefit 2. EV Body Care

Body Care, a service that provides repairs for external damage to your vehicle, is provided free of charge for one year.

※ Eligibility: Individuals or private business owners who have purchased an IONIQ 6 N

※ Provided benefit: exterior-related repair or parts change for up to one year after factory release or 20,000 kilometers

- This service is offered free of charge but will be canceled if an additional purchase is made via HyundaiShop.

- This service is not provided for windshields or tires.

Benefit 3. Blue Basic Inspection

Provided annually for 10 years from date of release

※ Eligibility: Bluemembers customers who have purchased an IONIQ 6 N

Benefit 4. Replacement with new vehicle

If a total loss occurs within two year of the car's release, funding is provided for the purchase of a new vehicle

Benefit 5. EV charging solutions

We offer a wide range of charging solutions, including on-site charging, as well as charging solutions

Benefit 6. EV Fire Safety Insurance

Coverage is provided for damage to third parties caused by an EV-related fire through the EV Fire Safety Insurance.

※ Insurance effective date: July 1, 2026.

Detailed policy terms can be found on Integrated Zero-Emission Vehicle Portal

When driving

※ For further information on benefits, please refer to Hyundai Motor's website or make an inquiry to a branch or dealership.
