

IONIQ 9

Live it out IONIQ 9

The world opens up to you
when you go beyond driving.

Exterior

The aerosthetic* silhouette is pure sculptural beauty with optimized aerodynamic performance, and the low hood and long wheelbase create a rugged, strong image that is both sophisticated and futuristic.

* Aerosthetic is a combination of the words aerodynamic and aesthetics, and refers to a design that incorporates the aesthetics of aerodynamics.

Calligraphy Full Option (Celadon Gray Matte)

Small-Cube Projection Led Headlamps
(Daytime Lights, Positioning Lamps, Turn Signals)

Hidden Antennas

Rear Led Combination Lamps, Led Supplemental Brake Lights

6-Passenger Calligraphy Full Option (Dark Teal/Light Gray two-tone)

Interior

The user-centric linear layout, the oval design details that resemble nature, and the luxurious materials harmonize to create the cozy and tranquil interior atmosphere of the Natural Lounge*.

* With the concept of 'a cozy and comfortable space to enjoy in nature', we have created a space where all passengers can easily use all the functions and decorate it like their own home.

Real Aluminum (Crashpad Center Garnish)

Bio-Suede Upholstery (Headlining/Pillars)

※ Bio-Suede Upholstery : Bio PTT extracted from corn is made of fabric using yarn added at a 55% rate.

Calligraphy

Exclusive, differentiated designs and premium materials offer a top-class experience.

Calligraphy Full Option (Celadon Gray Matte)

Nappa leather seats(with digital design punching, 3D embossing, real metal patch)

Two-tone steering wheel

Synthetic leather(door center trim with digital design punching)

Black Ink

All black exterior and interior trims were applied to express refined beauty, resembling an elegant ink brush painting.

Matte Black Chrome Skid Plate

Glossy Black Roof Rack

21-Inch Matte Black Alloy Wheels

Black Ink Interior

Black Real Aluminum Garnish

Space

The long wheelbase and flat floor extended to the third row ensure a spacious interior, and the space design and convenience that take various lifestyles into account maximize the interior livability and usability.

6-Passenger Calligraphy Full Option(Dark Teal/Light Gray two-tone)

2nd-Row Premium Reclining Seats (6-Passenger, 2+2+2)

The Premium Relax function is applied to the second row seats to provide the best possible relaxation and comfort for long journeys. There is no interference with the relaxation mode of the first row seats, so up to four people can relax at the same time by relaxing both the first and second rows.

2nd-Row Dynamic Body Care Seats

By analysing body density and pressure, the system can be installed in the optimum position to provide a massage system that uses shock and vibration to reduce fatigue during extended driving.

2nd-row seats (6-passenger, 2+2+2)

The swiveling function of the second row seats allows the seats to be rotated, enabling various seating arrangements and maximizing the convenience of passengers and the utilization of the interior of the vehicle.

Universal Island 2.0

For the convenience of passengers, the universal island console can be moved backward up to 190 mm, allowing efficient use of the interior space of the vehicle, and providing an optimized experience for all passengers with various storage spaces and functionality.

7-Passenger Exclusive(Black/Light Gray two-tone)

**2nd-Row 6:4 Split-Folding Seats (7-passenger, 2+3+2),
2nd-Row One-Touch Tilting Walk-In**

When the second-row seats are operated to allow third-row passengers to get in and out, the seat back angle is maintained and the tilting method is used to allow easy entry and exit or loading of luggage, even with child seats fitted.

* The second-row walk-in tilt function for the seven-seater model only applies to the 4 of the 6:4 split seat.

Trunk Space (2,462 Liters Fully Flat)

Depending on whether the second- and third-row seats are folded or not, boot space ranges from 620 liters to a generous 2,462 liters. With the third-row seats folded, four golf bags and four Boston bags can be stowed.

3rd row Powered 5:5 Split Folding Seats (Reclining)

The powered seats make it easy to load cargo, while the recline function enhances cabin comfort for adults and passengers for long journeys.

Abundant Storage & Loading Space

From the large-capacity frunk to compartments, we offer a variety of space for efficient item storage and a convenient travel experience.

Calligraphy Full Option (Celadon Gray Matte)

110.3kWh Battery Capacity

24min 10% to 80% charging
(Based on 350 kW quick charging)

532km range per charge
(Based on 2WD, 19-inch wheels)

※ The above battery charging time is based on our laboratory test results measured at room temperature and may vary depending on battery temperature, charging power, battery deterioration, outside temperature, etc. The above driving range is based on the standard mode based on the figures certified by the Ministry of Trade, Industry and Energy, and may vary depending on road conditions, driving method, vehicle load, maintenance status, and outside temperature.

※ When the temperature drops, such as in winter, battery performance may decrease, which may increase the actual charging time or decrease the actual driving range.

Electric

Powered by a dedicated E-GMP platform, we offer not only the superior electrification technology, but also smart conveniences and better efficiency, for more pleasing, free and easier EV life wherever you go.

400V/800V Multi Super Charging System

The multi high-voltage charging system without a separate step-up converter uses 800V class super-fast chargers and 400V fast chargers.

EV Routes Planner

Helps you minimize battery drain with optimal EV-specific routes by showing you when you need to charge and where charging stations are located during your trip.

※ Infotainment system screen images are subject to change based on updates.

Plug and Charge

Plug and Charge allows you to charge your vehicle quickly and easily by plugging in the charging cable, with automatic vehicle authorization and It's a state-of-the-art charging system that's hassle-free and easy to use.

100W USB Type C Terminal (1st, 2nd, 3rd row)

Quickly charge a variety of electronic devices, including high-performance laptops and tablets. Provides powerful charging performance in the car.

Outdoor V2L

With the ability to provide power outside of the vehicle, outdoor V2L makes it easy to use a variety of electronics with convenient power whenever and wherever you are camping or outdoors.

Indoor V2L

This is an indoor V2L feature that can provide power inside the vehicle, you to charge or use your electronics while driving/stopping for convenient power utilization.

Driving

It combines instant EV driving performance with the excellent cabin quietness and comfortable ride of a flagship SUV to deliver fun-to-drive, comfortable and reliable driving performance.

Double-Laminated Acoustic Glass (Windshield, 1st And 2nd-Row Doors)

A noise-absorbing soundproof film is inserted between the two layers of glass to reduce the noise entering the interior, improving the quietness of the interior space.

* Front and rear door fixed glass and rear quarter glass are not equipped with double-laminated acoustic glass.

AutoTerrain Mode

Artificial intelligence recognizes the road surface conditions in real time and automatically selects the optimal driving mode to deliver optimal driving performance.

* Terrain mode (AUTO / SNOW / MUD / SAND)

Power(kW) / Torque(Nm)

160/350

(Endurance 2WD)

226/605

(Endurance AWD, 66.1/255 front, 160/350 rear)

315/700

(Performance AWD, 157.3/350 front, 157.3/350 rear)

Calligraphy Full Option (Celadon Gray Matte)

Dual Motion Active Air Flaps

Air flaps to in dual (straight and rotating) motion provide more efficient airflow and increased aerodynamic efficiency compared to traditional single-motion (rotating) active air flaps.

Dynamic Torque Vectoring (e-DTVC)

Controls the brakes and drive motors together while steering, enabling torque vectoring* in the direction of steering progress to improve handling performance and driving stability.

* Torque vectoring distributes the torque delivered to each wheel.

HTRAC I, HTRAC II

The added front-wheel drive motor equipped with a disconnecter offers the enhanced driving pleasure through the distribution of the front and rear wheel drive forces according to the ever-changing driving conditions.

Trailer mode

With a towing capacity of up to 2.5 tons, you'll have plenty of room to tow caravans, boat trailers, and other camping gear, and the trailer mode automatically estimates the towing weight and the range.

Function

With a software-driven, evolving digital experience and a host of advanced amenities worthy of an electrified large SUVs, your mobility life is always nice and comfortable.

Hyundai AI Assistant

With Hyundai's generative AI, you can use voice commands to control various features of your car and get the information you need while driving.

Hyundai's Next-Generation Connected Car Navigation Cockpit (ccNC)

Curved panoramic display creates a unified graphic theme between the cluster and navigation and offers a wealth of content including Hyundai AI assistant, media streaming, real-time directions, and more.

※ Infotainment system screen images are subject to change based on updates.

Interior Fingerprint Authentication Systems (Personalization, Ignition, Payment, Etc.)

Performs necessary authentication functions and allows the vehicle to start and drive when making in-vehicle payments, changing driver profiles, or disengaging valet mode.

Digital Key 2

You can lock/unlock and start your doors with your iPhone, Apple Watch, and Android-based smartphones (such as Samsung smartphones), and share the account with up to 15 devices.

*Please refer to Hyundai's website for details of supported models.

3-Zone Independent Control Full Auto Air Conditioning

Independently sets the temperature for the driver's or passenger's seat, as well as the rear seats, and automatically adjusts the airflow to the set temperature, increasing power consumption efficiency and providing a comfortable interior.

3 Types Cameras Cleaning

The rear monitor/digital center mirror/built-in cam 2, which are placed in the rear, are high-pressure washed to minimize the obstruction of the view due to bad weather or dust.

Hyundai SmartSense

Hyundai SmartSense, a state-of-the-art driver assistance system, safeguarding against keeps you and your vehicle safe from unforeseen hazards to ensure a more secure and convenient driving and parking environment.

Blind-spot Collision-avoidance Assist

An alarm sounds when there is a risk of collision with a vehicle approaching from the rear when changing lanes or while backing out of a parking space. If the risk persists, the brakes are activated automatically.

Forward Collision-Avoidance Assist (Vehicle/Pedestrian/Cyclist/Vehicles Traveling in the Opposite Direction at Intersections)

If the vehicle in front suddenly brakes or there is an increased risk of a collision with a vehicle, two-wheeler, pedestrian, or cyclist ahead, an alarm is sounded. If the risk persists, the brakes are activated automatically.

Expressway Driving Assist 2

Maintains a safe distance from the vehicle in front when driving on expressways and highways, and helps keep the vehicle centered in its lane at a set speed even on curves. When driving above a certain speed, holding the steering wheel and activating the turn signal while moving in the direction of the desired line prompts an automatic lane change.

GPS Navigation-based Smart Cruise Control (Safe Distance Zones/Curves/Entry-Exit Ramps)

travel at safe speeds according to road conditions. It automatically reduces the vehicle's speed prior to safe zones, curves, and before approaching entry-exit ramps. After passing these zones, the system accelerates back to the original speed afterwards.

Rear Parking Collision Avoidance Assistance

During reversing, if a potential collision with an object behind the vehicle is detected, an alarm is sounded. If the risk persists, the brakes are activated automatically.

Lane Keeping Assist 2

Utilizing a forward-facing camera to recognize lane markings, this feature assists the driver in keeping the vehicle centered in its lane. In instances where the lane markings aren't detected, it recognizes vehicles ahead and assists with steering for a certain duration. Improvements include an expanded operational range (including difficult curves) and refined steering angle control, enhancing lane-centering performance.

Recommended use: Maintain a constant speed.
-Fuel economy is based on standard mode and may differ from actual mileage depending on road conditions, driving method, vehicle load, maintenance status and outside temperature. -The images in this catalog may include optional equipment and may differ from the actual vehicle purchased. -The specifications, colors and specifications shown in this catalog are to change to improve the appearance and performance of the vehicle. -Leather seats partially synthetic leather. -The vehicle colors in this catalog are printed and may vary slightly from the actual color of the vehicle. -Mileage may vary depending on the driver's habits, road conditions, outside temperature and climate control system settings. -When the outside temperature drops, such as in winter, the actual mileage may decrease due to battery degradation. Hyundai is committed to doing business the right way - the same product, the same price, anywhere in the country. -For more information on new technologies and new features listed in this catalog, please refer to the Owner's Manual.

This catalog is designed to assist customers in understanding and is focused on top-of-the-line models and options. Specifications in this catalog will vary by trim, package, powertrain, exterior color, etc.

How to purchase an electric car

① Sign a car sales contract
- Car contract

② Apply for subsidy
- Fill out electric car subsidy application for the local government of jurisdiction
- Submit application
- Receive results

③ Car allocation, car release
- Check is made on eligibility for and amount of electric car subsidy(from local government of jurisdiction) by 10 days before car allocation
- Car will be released if there are no outstanding issues

④ Apply for payment of subsidy
- Application process for payment(wire transfer) of subsidy to the local government of jurisdiction must be completed within 10 days of the car's release
- Once subsidy is confirmed to have been wire-transferred to Hyundai Motor, subsidy amount is subtracted from price that needs to be paid by customer

ioniq 9 Warranty information

- **Warranty period for separately-insured electric car parts** : 10 years 200,000 kilometers
※ High voltage battery: 10 years, 200,000 kilometers
- **Parts covered by the warranty** : drive motor, speed reducer, high-voltage battery, inverter, ICCU (LDC+OBC), electric vehicle system control unit (VCU)

For when thinking of buying, and maintaining my car!

Hyundai Motors' various services are prepared to assist from start to finish!

Convenient test drive service

Step 1: Make a test drive reservation (website, phone, and car coordinator)

Step 2: Fill out a consent form at the relevant driving center

Step 3: Go on a test drive

Step 4: Receive a purchase consultation (e.g. estimate, and purchase conditions)

Test drive reservation
(website)

New vehicle purchase benefits

Members of Bluemembers purchasing a new Hyundai Motor vehicle (including commercial vehicles) are eligible to earn Bluemembers points based on the purchase type/vehicle model/purchase frequency

① **Individual members** : Earn 50k to 750k points, depending on the vehicle model/purchase frequency

② **Corporate members** : Earn 30k to 70k points, depending on the vehicle model

※ For details, please refer to the Hyundai Motor website.

All Care Service Map

Tip Anyone who has a driver's license and is at least 21 years old can apply for a test drive.

The driver is required to carry a presentable license in person to apply for the test drive.

Use the Hyundai EV card when purchasing a new vehicle to earn additional Bluemembers points.

(Refer to the Hyundai Card website for details)

Bluemembers partner companies offer diverse mobility and lifestyle/charging benefits. Don't miss out!

※ Holders of (previously issued) Bluemembers partner credit cards will continue to receive both

M points and Bluemembers points.

2026 EV Everycare +

we provide assistance in each phase of the electric car lifecycle to make sure your investment is worthwhile.

When purchasing

Benefit 1. 200,000 charging credits

Vehicle-purchasing customers are gifted 200,000 charging credits that can be used at EV charging stations.

※ Eligibility: 2026 IONIQ 9 Factory Customers

※ Must apply within two months of the car's release month

※ Accepted at: any SK Electlink or SK Electlink-partnered charging station nationwide

Benefit 2. EV Body Care

Body Care, a service that provides repairs for external damage to your vehicle, is provided free of charge for one year.

※ Eligibility: Individuals or private business owners who have purchased an IONIQ 9

※ Provided benefit: exterior-related repair or parts change for up to one year after factory release or 20,000 kilometers

- This service is offered free of charge but will be canceled if an additional purchase is made via HyundaiShop.

- This service is not provided for windshields or tires.

Benefit 3. Blue Peace of Mind Check

Blue Peace of Mind checkup, once a year for 10 years

※ Eligibility: IONIQ 9 factory customers

Benefit 4. Replacement with new vehicle

Minimize the customer's financial damage and eliminate concern about car lease in the event of a car accident. If a total loss occurs within two years of the car's release, funding is provided for the purchase of a new vehicle

Benefit 5. EV charging solutions

We offer a wide range of charging solutions, including on-site charging, as well as charging solutions

Benefit 6. Electric Vehicle Fire Safety Insurance

In the event of damage to others caused by an electric vehicle fire, coverage is provided through the Electric Vehicle Fire Safety Insurance.

※ Effective Date: July 1, 2026. Detailed terms and conditions can be found on the Zero-Emission Vehicle Integrated Website.
