PORTER II

PORTER II

LPG Turbo

Functional and cost-effective, the PORTER II LPG Turbo is the perfect companion for a successful career.

10.25-inch navigation system
(Bluelink, phone projection)

Proximity key with push-button start

8-inch display audio (phone projection) /
Rear View Monitor

Extra Long Super Cab Premium (Creamy White)

Exterior

The clear head lamps, which feature daytime running lights, greatly enhance visibility, while the bumper guard and full-sized wheel cover create a modern look.

Clear type headlamps (4 lighting modes, with daytime running lights)

Body-colored outside mirror (turn signal lamps)

Shark fin antenna
Premium full-sized wheel cover

Bumper guard

* Above images may vary per model.

Extra Long Super Cab Premium (Full Option)

Interior & Convenience

The PORTER II offers a pleasant driving environment with a diverse array of even more competitive and convenient features.

10,25-inch navigation system (phone projection, Bluelink) /
Rear View Monitor
8-inch display audio (phone projection)

Proximity key with push-button start
Tilt steering wheel & Cruise Control

Ventilated driver's seat
USB charger (1 in 1st-row)

* Terrestrial DMB is available in 320x240 (standard resolution) and 1,280x720 (high resolution). Reception may be hindered by the conditions of the radio signal propagation environment, DMB broadcast policy, and/or change (s) in the DMB provider's transmission methods.
* The screen layout/design of the infotainment system may change with the updates. * Navigation map update service is guaranteed for 8 years after purchase of vehicle and may expire after that depending on situation of our company.

Safety

The PORTER II is equipped with diverse safety functions to ensure the safety of both the driver and passengers.

Forward Collision-avoidance Assist
If a collision risk is detected (e.g., when the vehicle in front suddenly slows down or a vehicle or pedestrian or two-wheeled vehicles suddenly appears in front of you), the driver is given a warning. If the risk of collision escalates after the warning, the brakes are activated automatically.

Lane Departure Warning
This function keeps the vehicle from deviating from its lane while driving. If the vehicle departs from the lane (while moving faster than the designated speed) without the turn signal being used, a warning is sounded.

Parking Distance Warning-Reverse / Reverse Warning Buzzer
The reverse warning buzzer is sounded to prevent the vehicle from colliding with nearby objects while maneuvering at low speed as well as to protect pedestrians.

Airbags for the driver and front passenger
An airbag has been installed in the driver's seat for protection in the event of a collision.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.
* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual. * The above-listed specifications may be applied differently depending on the model selected by the customer based on their taste/preferences or desired price range.

Performance

The combination of the powerful Smartstream LPG 2.5 Turbo engine and 4WD system ensures excellent driving performance.

Smartstream LPG 2.5 Turbo Engine

159 Max.Power PS/3,800rpm
30.0 Max.Torque kgf·m/1,250~3,800rpm
(5-speed A/T, 2WD)

138 Max.Power PS/3,800rpm
26.0 Max.Torque kgf·m/1,250~3,800rpm
(6-speed M/T, 2WD/4WD)

Long Super Cab Premium (Creamy White)_4WD

Car type fuel filler
6-speed manual transmission

4-wheels switch-over lever
5-speed automatic transmission

* 5-speed automatic transmission is available only for 2WD models.

Double cab

The roomy double cab is made possible by the efficient separation of passenger and cargo spaces.

Double Cab

Double Cab-exclusive side step
Power windows (2nd-row)

Extra Long Double Cab Premium (Creamy White)

PORTER II

Electric

The PORTER II Electric is an electric truck that is optimized for urban use.

Driving distance per charge
217km

High-speed charging
32min(10→80%)
(with 150kW high-speed charger)

Max.Power
135kW

Charging port lid (combo type) / Charger outlet light

* The above battery charging time is an outcome of room temperature tests conducted by Hyundai Motor Company's affiliated research facility. Actual charging time may vary depending on the battery's temperature, charging rate, and degradation and outdoor temperature. * The above driving range was calculated based on the standard driving mode of the Ministry of Trade, Industry and Energy's certification criteria. It may vary depending on driving conditions, driving style, loaded weight, vehicle's condition, and outdoor temperature. * A significant drop in the outdoor temperature (i.e. winter) may reduce the battery's performance and, therefore, increase the charging time and/or decrease the driving range.

Electric Extra Long Super Cab Premium Special (Creamy White)

Electric Extra Long Super Cab Premium Special

* The screen layout/design of the infotainment system may change with the updates.

Design

The 10.25-inch smart navigation system and unique bumper design create the image of a futuristic electric truck.

Body-colored bumper

Outside mirror (power-folding)
15-inch tires & premium full-sized wheel cover

* Above images may vary per model.

Convenience

The many features that have been applied to the PORTER II Electric for the driver's convenience set a new standard for the urban electric truck.

10.25-inch navigation system (Bluelink, phone projection, Bluetooth hands-free, In-car Payment) / Rear View Monitor

Battery heating system (winter mode)
Electronic Parking Brake (with automatic vehicle hold)

Tilt steering wheel
Paddle shift (regenerative control)

* 10.25-inch navigation system (Bluelink, phone projection, Bluetooth hands-free, In-car Payment) and Rear View Monitor can be used after creating Bluelink account.
* The screen layout/design of the infotainment system may change with the updates.

Safety

With its improved safety features, the PORTER II Electric offers the safest driving experience.

Lane Keeping Assist

This function keeps the vehicle from deviating from its lane while driving. If the vehicle departs from the lane (while moving faster than the designated speed) without the turn signal being used, a warning is sounded. If lane departure is detected, steering assist is automatically engaged to keep the vehicle from deviating further.

Driver Attention Warning

Analyzes driving patterns while in motion to identify when the driver's attention drops below a certain level, and recommends a rest to help ensure safe driving.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.
* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual. * The above-listed specifications may be applied differently depending on the model selected by the customer based on their taste/preferences or desired price range.

Line up

The PORTER II meets all of your business needs through its broad range of lineup.

Extra Long STD Cab Smart

Extra Long Super Cab Smart

Extra Long Super Cab Premium

Maintain a constant speed to drive more efficiently.

- The above figures are based on the standard mode, and may be different from the actual figures depending on road conditions, driving habits, cargo, maintenance status, and outside temperature.
- The vehicles shown in the pictures of this brochure may have old fuel consumption ratings that differ from those provided here, depending on when they were manufactured.
- The vehicles shown in the pictures of this brochure may contain options, and therefore may be different from the actual vehicles ordered.
- The specifications and colors in this brochure are subject to change to improve the exterior and performance of the vehicles.
- The above engine performance results are NET figures. "NET" figures are calculated by taking into account the resistance of the emission gas, and may be lower than the previously used GROSS figures. Since 1997, the use of NET figures has been legally enforced by the Korean Ministry of Land, Infrastructure and Transportation.
- The colors of the vehicles in this brochure may be somewhat different from the actual colors.
- Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide.
- Arbitrary renovation of your vehicle may limit or prevent you from receiving warranty repairs for problems that occur due to such renovations.
- Use of engine oil or fuel that is of low quality may result in damage to the vehicle.
- For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

Electric Dimensions

Unit: mm

Specifications

Model	Battery capacity (kWh)	Rated voltage (V) / Capacity (Ah)	Curb weight (kg)	State-certified energy efficiency (electrical efficiency)			Driving distance per charge		
				City (km/kWh)	Highway (km/kWh)	Combined (km/kWh)	City (km)	Highway (km)	Combined (km)
PORTER II Electric	60.3	334 / 180.9	1,915	3.6	2.7	3.1	248	178	217

* The above figures are based on the standard mode, and may be different from the actual figures depending on road conditions, driving habits, cargo, maintenance status, and outside temperature.
* A drop in outdoor air temperature (in winter months) may result in a shorter range due to a decrease in battery performance.

How to purchase an electric car

01 Vehicle reservation
- Restriction of overlapping subsidy support for the same individual during mandatory period of use (2 years)

02 Application for vehicle
- Fill out an application form required by the respective local government.
- Submit application to respective local government.
- Recipient eligibility is confirmed.

03 Vehicle release
- Verification of recipient and subsidy amount 10 days before release
- If there are no abnormalities, the vehicle is released. / After vehicle registration, the recipient may apply for the subsidy.

04 Issuance of charging card
- Select and apply for card to be used at public charging stations.

* As the application's content (application methods, subsidy amount, etc.) varies per local government, please make sure to check the notification posted by the relevant local government.

Genuine Accessories

Hyundai Shop

H Genuine Accessories offer a wide range of amenities and leisure products for the needs and lifestyles of customers who desire high-quality customization.

New car options

Plastic cargo bed cover

Aftermarket-exclusive products

220V portable charging cable / 5-pin slow-charging cable

* Plastic bed cover may get damaged due to external temperature change and impact, and not eligible for warranty repair.
* The 220V portable charging cable and 5-pin slow-charging cable are available exclusively for the Porter Electric.
* The 220V portable charging cable is a slow-charging cable with an ICCB.
* The 5-pin slow-charging cable is a slow-charging cable without an ICCB.
* Wide range of aftermarket products can be purchased from Hyundai Shop (shop.hyundai.com)'s Hyundai Brand Hall.

Vehicle management service

This exceptional service addresses the needs of not only the purchased electric car but also the driver. Enjoy an efficient and high-quality lifestyle with your PORTER II Electric.

Driving distance per charge

217km

With a range of up to 217 km on a single charge, this electric vehicle guarantees maximum work efficiency in urban areas.

High-speed charging (with 150kW high-speed charger)

32min

The use of a high-speed charging system allows the PORTER II Electric to charge from 10% to 80% in only 32 minutes, which makes it ideal for long-distance drives or when in need of a quick recharge.

* Charging time may vary due to external circumstances (e.g. outdoor air temperature).

Max.Power

135kW

The power generated by the 135kW motor, backed by a 60.3kWh battery, guarantees an enjoyable driving experience.

PORTER II Electric Warranty information

- **Related parts :** Battery, Drive motor, Reducer, EPCU (inverter + direct current converter (LDC) + Electric vehicle system control device (VCU)), and Slow-speed charger (OBC)
- **Warranty period for separately-insured electric car parts :** 120,000km, 8 years

Traveling charging service

- Through this service, a charging vehicle is dispatched to the customer's current location to charge his/her vehicle.
  ※ Service may be limited in some areas (e.g. highways/turnpikes).
- **Amount charged :** 7kWh (per charge)
- **Usage limit :** 10 times/year (For Blue Members / Valid for 5 years from the date of purchase)
- **How to apply :** myHyundai App or Customer Service (080-600-6000)

Consultation service for charging

- Provide consultation on and support for home charger purchase, installation, construction, and warranty services as well as charging cards, subscription-based electric vehicle charging, etc.
- SSCharger customer center: 1566-1704

Public charging (rapid/slow) locations

- Search for electric vehicle charging stations using the myHyundai mobile app.
- Also search for charging stations on the Ministry of Environment website (www.ev.or.kr), EV Infra mobile app, and other charging service apps.

myHyundai

Enhanced to provide a connected mobility experience, meet the official Hyundai app, myHyundai.

Home
myHyundai's unique mobility experience offers personalized content and information on car maintenance based on user data.

Shop
Parts can be purchased and diverse services experienced with ease.

Control
myHyundai can be used to control your vehicle remotely (e.g. door locks, climate control, hazard lights, horn) or check on it in real time.

myCar
Experience a range of car life services prepared for a more convenient mobility experience, including maintenance service appointment, car washes, driver services, parking enforcement alerts, and more.

Map
Experience convenient map search, from setting your destination to searching for gas stations, restaurants, parking lots, car washes, and more.

*Free of charge for 5 years for customers who have subscribed to BlueLink membership for the first time with an additional 5-year Light Service (SOS Emergency Assistance, Airbag Deployment Alert, Traffic Information, etc.).
*Services are available only for customers who have purchased a vehicle and subscribed to BlueLink membership. *Some services may be restricted depending on the means of service delivery, such as mobile apps or devices.
