

SANTA FE

Bridging the Everyday and Beyond.

SANTA FE

Advancing a novel paradigm that seamlessly fuses the everyday with the great outdoors, offering unparalleled value and evoking distinct sentiment.

Exterior

Artfully blending rugged design aesthetics with futuristic nuances, the SANTA FE commands an imposing presence.

Calligraphy Full Option (Earthy Brass Metallic Matte)

Calligraphy Exclusive Design (21-inch Alloy Wheels & Tires, Radiator & Intake Grille, Skid Plates, Black High-Gloss Cladding/DLO Moldings)

Horizontal LED Lamp (Positioning Lamp) & Full LED Headlamps (Projection Type)

LED Rear Combination Lamps

Rear Spoiler

Calligraphy Full Option (Light Beige Two-tone)

Nappa Leather Seats, Synthetic Leather Upholstery (Multi-Tray Covers, Door Armrests, Side Consoles), Suede Upholstery (Headlining/Pillars), Two-Tone Leather Steering Wheel, Metal Door Scuffs, Metal Pedals, Ambient Lighting

Interior

The interior, steeped in high-tech refinement, offers a distinct experience unique to SANTA FE.

Electronic Shift Column

Incorporating a rotary-type electronic shift dial, the shift column harmoniously aligns steering and driving, offering intuitive handling.

Smartphone Wireless Charging (Dual)

The dual wireless charging mechanism enables the simultaneous rapid charging of two smartphones without the encumbrance of cables.

1st Row Relaxation Comfort Seat (Leg Rest)

Expertly crafted to optimize relaxation for front-row occupants, the comfort seat also augments convenience with single-touch operation.

Calligraphy Black Ink

This all-black theme graces both interior and exterior trims, encapsulating the elegance and subtle beauty reminiscent of an intricate ink painting.

Calligraphy Black Ink Full Option (Creamy White Matte)

Matte Black Metal H Emblem & Lettering

Matte Black Metal C/D Pillar Garnish

Matte Black Metal Door Side Garnish

Calligraphy Full-Size 6-seater (Light Beige Two-tone)

Driver Side Ergo Motion Seat, Passenger Side Walk-In Device, First-Row Reclining Comfort Seat (Leg Rest)

Space

Transition effortlessly between your everyday routine and outdoor adventure, leveraging the versatile spatial dynamics of the SANTA FE.

2nd Row Electric Independent Seat (One-touch Relax Mode, Wing-type Headrest)

Electronic fine-tuning for both seatback (reclining) and cushion (tilting) positioning, along with a one-touch relax mode, ensures an optimized spatial arrangement and optimal comfort for rear occupants.

Wide Tailgate Opening

Inspired by a terrace motif, the tailgate does more than merely facilitate loading; its generous expanse nurtures varied outdoor pursuits.

5-seater

6-seater

7-seater

Function

Cutting-edge technologies coupled with the highest level of convenience target both driver and passengers, transforming not just the drive but the entire journey from start to finish into a captivating experience.

Panoramic Curved Display

The curved display, an amalgamation of a 12.3-inch digital cluster and a 12.3-inch infotainment system, exudes opulence and embodies an expansive, tech-forward vision.

Digital Rearview Mirror

With a dedicated camera, the rearview mirror provides an enhanced perspective of what's directly behind the vehicle.

In-car Fingerprint Authentication System (Personalization, Ignition, Payment, etc.)

Complete authentication for in-car payments and valet mode deactivation, enabling vehicle ignition and driving solely through fingerprint recognition.

Digital Key 2

Controls door locking/unlocking and ignition with iPhone, Apple Watch, and Android smartphones, i.e., Samsung smartphones. Pairs with up to fifteen devices for easy access.

*Visit Hyundai's website for the list of devices compatible with Digital Key 2

UV-C Sterilization Multi Tray

Ensures the hygiene of personal possessions like smartphones, gloves, and masks through UV-C ultraviolet sterilization lighting.

Bidirectional Multi Console

This multi-faceted console is effortlessly accessible from both the 1st and 2nd rows.

Reverse Guide Lamp

Radiating a distinctive line-patterned illumination, the lamp aids nearby vehicles and pedestrians in discerning the vehicle's rearward motion, preempting potential collisions.

6.6-inch Touch-type Climate Control Display

This touch-centric interface, inclusive of an air purification mode, fosters a pleasant in-vehicle environment that extends to the 2nd row.

Built-in Cam 2

Superior day/night clarity is achieved via high-resolution front/rear cameras. Integrated features like voice recording, extensive external memory, OTA functionality, and driving history detail storage and playback (integrated with maps, etc.) augment the camera's utility. Information on the built-in camera status and collision detection recorded footage is also available via BlueLink.

Driving

Reimagined driving dynamics accentuate acceleration and responsiveness, ensuring a serene and comfortable ride.

Head-Up Display

This feature projects essential dashboard and navigational data onto the driver's forward visual field, ensuring the driver's focus remains on driving.

Calligraphy Full Option (Earthy Brass Metallic Matte)

Smartstream Gasoline 2.5 Turbocharged Engine

281

Off-Road Driving Mode (AUTO/SNOW/MUD/SAND)

Tuned performance across diverse terrains, adapting seamlessly to the chosen mode.

HTRAC

An electronic all-wheel-drive (AWD) system, adeptly balancing engine power distribution between the front and rear wheels, ensuring a stable driving environment.

Hybrid

e-Motion Drive’s state-of-the-art hybrid technology underpins superior driving dynamics.

Hybrid Calligraphy Full Option (Ecotronic Gray Pearl)

Smartstream Gasoline 1.6 Turbo Hybrid Engine/Electric Motor

235	Max. System Power PS(gasoline engine : 180PS, electric motor : 47.7kW)	27.0	Max.Engine Torque kgf-m/1,500rpm	264	Max.Motor Torque Nm
15.5	Combined Fuel Economy km/ℓ(based on 18-inch tires/6-speed automatic/2WD, without built-in cam)				

Performance Enhancement (e-Dynamic Drive)

During rapid acceleration or sharp turns, the motor efficiently manages braking, transmission, and driving torque, ensuring smooth acceleration and stable cornering as well as enhancing grip and dynamic performance.

Ride Comfort Enhancement (e-Comfort Drive)

When traversing speed bumps or accelerating, the motor controls the vehicle's motion, offering a smoother ride and minimizing driver discomfort.

Traffic-Focused Control

By leveraging GPS navigation road data (on highways), unnecessary engine starts during stop-and-go situations in congested areas are minimized to enhance the ride experience.

Paddle Regenerative Braking Mode

The paddle shift lever allows for adjustable regenerative braking and provides drivers with three levels of deceleration controls, thus enhancing driving convenience based on road conditions.

Smart Regenerative Braking Mode

During drives, the system automatically adjusts the regenerative braking level based on road incline, proximate front vehicle movement, and GPS navigation info (speed cameras), incorporating a smart regenerative system that boosts driving convenience.

Safety

Advanced safety systems combined with convenience specifications ensure a comfortable and secure driving experience.

10 Airbag System (1st row advanced/center side, 1st/2nd row side, driver's knee, rollover curtain)

Equipped with a total of 10 airbags, including driver's knee and 2nd row side airbags, the vehicle protects occupants in collisions from all directions.

Advanced Rear Seat Occupant Alert

Enhanced radar technology, an improvement over the ultrasonic rear occupant detection system, detects not just adult passengers and pets but even sleeping infants, reducing potential safety hazards arising from overlooked rear-seat occupants.

Multi-Collision Brake System

In the event of frontal or side collisions triggering airbag deployment, the system activates appropriate automatic emergency braking to prevent secondary collisions and pile ups.

Hyundai SmartSense

Hyundai SmartSense, a state-of-the-art driver assistance system, safeguarding against unforeseen hazards to ensure a more secure and convenient driving and parking environment.

Blind-spot Collision-avoidance Assist

An alarm sounds when there is a risk of collision with a vehicle approaching from the rear when changing lanes or while backing out of a parking space. If the risk persists, the brakes are activated automatically.

Forward Collision-Avoidance Assist (Vehicle/Pedestrian/Cyclist/Vehicles Traveling in the Opposite Direction at Intersections)

If the vehicle in front suddenly brakes or there is an increased risk of a collision with a vehicle, two-wheeler, pedestrian, or cyclist ahead, an alarm is sounded. If the risk persists, the brakes are activated automatically.

Expressway Driving Assist 2

Maintains a safe distance from the vehicle in front when driving on expressways and highways, and helps keep the vehicle centered in its lane at a set speed even on curves. When driving above a certain speed, holding the steering wheel and activating the turn signal while moving in the direction of the desired line prompts an automatic lane change.

GPS Navigation-based Smart Cruise Control (Safe Distance Zones/Curves/Entry-Exit Ramps)

travel at safe speeds according to road conditions. It automatically reduces the vehicle's speed prior to safe zones, curves, and before approaching entry-exit ramps. After passing these zones, the system accelerates back to the original speed afterwards.

Rear Parking Collision Avoidance Assistance

During reversing, if a potential collision with an object behind the vehicle is detected, an alarm is sounded. If the risk persists, the brakes are activated automatically.

Lane Keeping Assist 2

Utilizing a forward-facing camera to recognize lane markings, this feature assists the driver in keeping the vehicle centered in its lane. In instances where the lane markings aren't detected, it recognizes vehicles ahead and assists with steering for a certain duration. Improvements include an expanded operational range (including difficult curves) and refined steering angle control, enhancing lane-centering performance.

* Curb Weight (C): Curb weight based on certified fuel economy rating with integrated camera.
* Trims not indicated as having a built-in cam installed would have the same fuel efficiency even if a built-in cam were installed.

Recommended use: Maintain a constant speed
-Fuel efficiency above is based on the standard model and may differ from actual fuel efficiency in accordance with road conditions, driving habits, vehicle load, vehicle maintenance and ambient air temperature. -Images in the catalog may show optional equipment and may differ from the actual vehicle purchased. -The specifications, colors, and specifications shown in this catalog are subject to change to improve the appearance and performance of the vehicle. -The engine performance above is the net value, which has been a legal requirement from the Ministry of Land, Infrastructure and Transport since 1997. It represents a fuel efficiency measuring technique that incorporates emission gas resistance. Net value may be slightly lower than gross value. -Leather seats include some synthetic leather. For key parts of combination seats, natural leather is used. -Vehicle colors in this publication may vary from actual vehicle colors. -Hyundai Motor Company sells vehicles only through Car Masters in its branches and agencies while engaging in good trade practices at the same prices for the same products all over the country. -Using oils and fuels of inadequate quality or performance can cause damage to the vehicle. -For details on new technologies and new specifications listed in this catalog, please refer to the Owner's Manual.

Santa Fe Hybrid Warranty Service		
Specific hybrid component warranty includes:	a 10-Year/200,000 km warranty - High voltage battery, electric drive motor, HPCU (Hybrid Power Control Unit)	

* Benefits are subject to change based on company circumstances.
* For more information, contact our branches/dealerships.

Images in this catalog are intended to enhance customer understanding and focus on high-end models and optional features. The features introduced herein may vary by trim model, package, powertrain, and exterior color. Please refer to the monthly price table for more detailed features specific to each model.
