Design

Premium Full Option(Quantum Silver Pearl/Abyss Black Pearl Two-tone)

Cascading Grille/LED Headlamps

LED Rear Combination Lamps
17-inch Alloy Wheels & Tires

Premium Full Option(Meteor Blue)

* Infotainment system screen images may differ after updates.

Convenience

Digital Key 2 Touch Controls door locking/unlocking and ignition with iPhone, Apple Watch, and Android smartphones, i.e., Samsung smartphones. Pairs with up to seven devices for easy access. *Visit Hyundai's website for the list of devices compatible with Digital Key 2 Touch.

Wireless Smartphone Chargers Charge your phone wirelessly and get a notification when you leave your smartphone behind.

4.2-inch Color LCD Cluster (digital) The 4.2-inch color segment LCD Cluster display offers vital driving information faster and easier with improved visibility. Experience the joy of convenient and fun driving with the LCD Cluster display, which presents all key driving information through easy-to-view functions and menu items and in a different graphic layout for each driving mode.

8-inch navigation system The 8-inch seamless display presents a futuristic image and visual stability. With advanced technologies such as phone projection where the core functions of your smartphone are displayed and accessible via the interior display and Kakao i Voice Recognition, Venue's infotainment system offers a new, more enjoyable experience. The navigation update feature ensures that your navigation system is always up to date.

* The image shown above is Android Auto on the cluster display. * Use of 8-inch navigation system requires an active Blue Link membership.

Rear View Monitor Displays rear views for safer parking.

Heated Steering Wheel Enjoy a comfortable driving environment with a heated steering wheel.

Performance

Premium Full Option (Denim Blue Pearl)

123 Max. Power PS/6,300rpm 15.7 Max. Torque kgf·m/4,500rpm 13.7 Combined km/ℓ City : 12.7km/ℓ Highway : 15.2km/ℓ (IVT, based on 15-inch tires)

Drive Mode / 2WD Multi Traction Control

Press the Traction Mode jog dial situated on the floor console to turn on Drive Mode or 2WD Multi Traction Control. Then twist the dial to the left or right to fine-tune mode settings. Based on the settings, engine braking is controlled to maintain optimal driving performance in all road conditions.

* The images are examples of the gray interior with lime color accents (for black or meteor blue interior, white or light silver accents are applied, respectively).

Hyundai SmartSense

Lane Following Assist The system monitors the driving lane real-time with front cameras and alerts the driver through the cluster display if the driver steers the vehicle outside the lane. It also assists with steering if necessary to help keep the vehicle centered between the lane markers.

Forward Collision-avoidance Assist In the event that danger of a forward collision is detected (sudden decrease in speed by the vehicle in front, appearance of a standing vehicle or pedestrian, etc.), an alarm is sounded. If danger of collision increases even after the alarm, brakes are automatically activated. The brakes are also automatically activated in the event of a collision risk with an approaching bicycle rider or with a car that is approaching while you are making a left turn at an intersection.

Smart Cruise Control (Stop & Go not included) Ensures safe driving by maintaining a set driving speed and a safe distance by tracking the cars in front of your vehicle.

Blind-spot Collision-avoidance Assist (Forward Exit) The system helps driver activate the brakes in the event of an impending rear or side collision when pulling away forward from a parallel parking space.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.

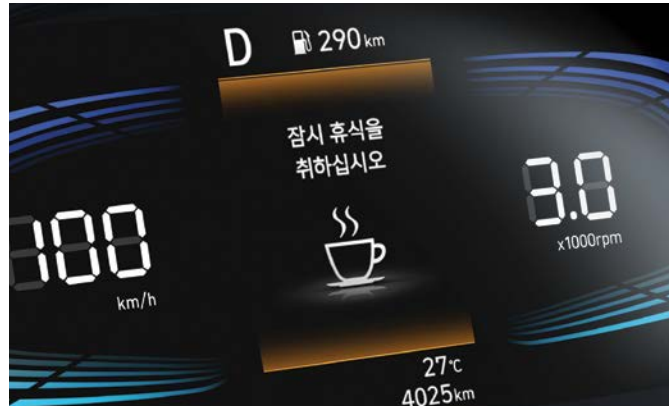

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition,

the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

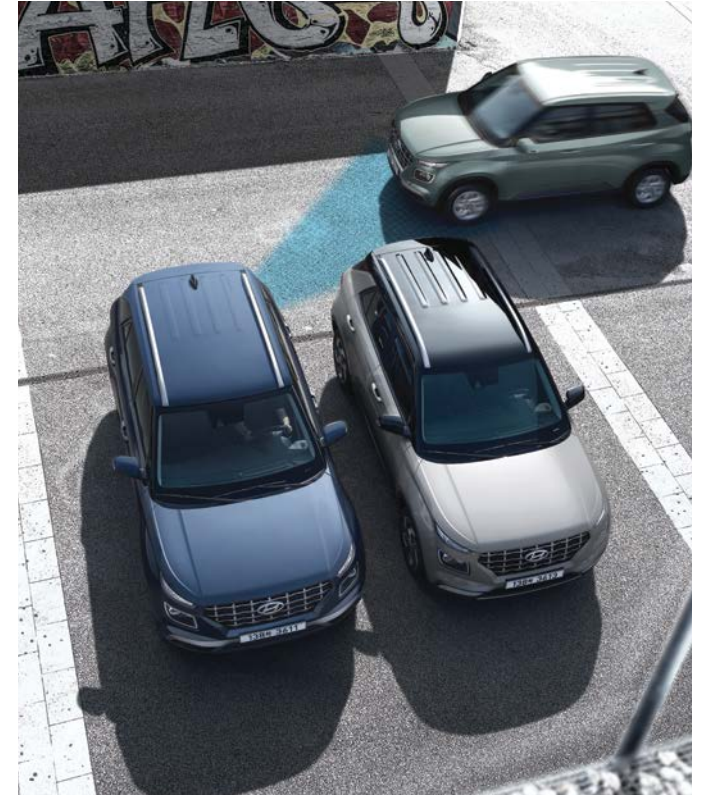

Blind-spot Collision Warning (Driving) Alerts the driver of the potential for a rear or side collision when the turn signal indicator is turned to switch lanes.

Driver Attention Warning Monitors and displays the driver's attention level, issuing warning messages on the cluster display and sounding an alarm if the driver's level of alertness drops to "inattentive".

High Beam Assist Automatically switches high beams on or off in response to oncoming traffic and the source of the light and its intensity.

Rear Cross-Traffic Collision-Avoidance Assist If a collision risk is detected from the right or left while driving in reverse, the driver is issued a collision warning. If the collision risk increases after the warning, the brakes are activated automatically.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Maintain a constant speed to drive more efficiently.

- The above fuel economy was calculated based on standard driving conditions. Actual fuel efficiency may vary depending on road conditions, driving styles, cargo weight, maintenance conditions, and outside temperatures. - Some of the photographed vehicles in this brochure depict optional features for illustrative purposes and may differ from the actual vehicles. - The features, colors, and specifications stated in this brochure are subject to change based on improvements in the vehicle's exterior or performance. - The above engine performance data is based on the net value, which is a legal requirement applied by the Ministry of Land, Infrastructure and Transport from 1997 onwards. To produce the data, an advanced measurement method that takes into account the resistance of vehicle emissions was used. This method may generate results slightly lower than those generated by existing methods based on the gross value. - The vehicle colors printed in this brochure may differ from the actual colors. - The actual mileage may differ depending on driving patterns, road conditions, outdoor temperature, and HVAC system settings. - Hyundai Motor vehicles are sold at prices uniformly applied for the same products everywhere across the country to promote fair business practices. - **Use of engine oil or fuel that is of low quality may result in damage to the vehicle.** - Please refer to the owner's manual for details about new technologies and features stated in this brochure.

The images presented here are intended to inform customers and display the best models and options. The specifications described above vary by option, package, powertrain, and exterior color. For specification details by model, please refer to the monthly price table.
